

City of Southport

Police Department

J. Van Dove, Chief

WAIVER FOR LEGAL RIGHTS TO UNRESTRICTED
OR EXCLUSIVE USE OF A PUBLIC FACILITY

Facility: _____

As you know, the City of Southport provides and maintains public parks and access facilities for the use and enjoyment of citizens and visitors. Although you have requested a facility use permit, and paid any applicable administrative fees, it is important that you have a complete understanding of limitations regarding any real or inferred exclusive rights to the facility you are using.

The City of Southport cannot guarantee exclusive rights or use of a public facility. We will document your request for use of the facility on that particular day, and make every effort to not document any other events in that particular time frame for the facility.

The inability to guarantee exclusive use is because these facilities are public property, and legal considerations limit the ability of the City of Southport to grant exclusive domain of a public facility.

Your signature on this waiver is confirmation of the understanding that you do not have a legal right to full and unrestricted use of public property.

Signature of person requesting facility use
