

Summer Scavenger Hunt

1. Name the plant in the garden that does not have any “warts” OR look like a spider.
2. Name the butterfly that has it’s own “waystation” in the garden.
3. Can you name the plant that is known for following direction?
4. Find the small tree that is “smoking” –what color is it and can you name it?
5. Can you find the plant that has a “black eye”? What is the scientific name?
6. How many birds can enter the birdhouse at one time? Do you see any birds? Name them.
7. Look for the plants that you see bees or butterflies getting nectar from. How many can you name?
8. How many butterflies do you see on the peace pole?
9. Find the butterfly chart. Do you see at least one of these butterflies in the garden?
10. You don’t have a watch or your cell phone. What can you use to tell the approximate time?
